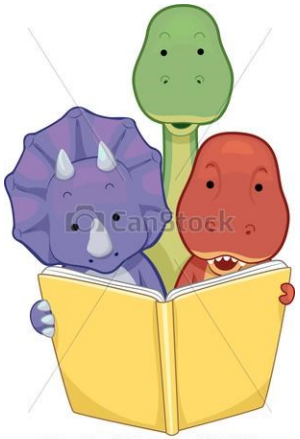
This year our theme for reading month is **Stomp, Chomp & Read!** Our goal this month is to make an extra effort to read more often. We encourage you to put down phones & iPads and pick up a book. Our library will be hosting a Book Fair during conference week. Classrooms will be getting a letter & reading incentives from "*Read-a-Saurus Rex*" each Friday. Kids with the highest AR point totals at the end of the month will be getting prizes. We are hoping your families can make it a priority to drop everything and read each evening in March.


Kids become good readers by reading!
