Tuesday Jan 23rd, there will be a short meeting for all NJHS students in the library during Pride time.

Report to your class for attendance and then come to the library.

Reminder: Special treat for the class that has no missing assignments. If there is a tie, we will do a tie breaker. Get those assignments in Lions!! Teachers we will be walking around at the beginning of Pride Time to check on the number of missing assignments.

No throwing/kicking of snow on school grounds.

Be careful coming into school and walking around on the floors, they will be slippery.

Student good luck on your NWEA Math test. Do the best you can by giving your best effort. If you meet and/or exceed your projected math score from the Fall you will earn 5 house points. Also the math class that has the highest percentage of students in that class that meets and/or exceeds their projected math score will earn a pizza party.

Students - just so you are aware. The teaching staff are focussing and being intentional on the following three things this semester:

1. Teachers will greet you at the classroom door as you enter the classroom.
2. There will be no student passes given the 1st and last 10 minutes of class.
3. No lining up at the door at the end of the instructional hour. Teachers will focus on teaching bell to bell.

Reminder - please check your school email two or three times daily.

There is a lot of information that comes from the office that could pertain to you so be sure to check. Make it a habit.
